RAJASHRI BHAMARE

An Independent and self-motivated under-graduate.

Pune, Maharashtra, India   rajashribhamare04@gmail.com   linkedin.com/in/rajashribhamare/

As a third-year Electrical and Computer Engineering student with a passion for web development, I bring a strong foundation in both hardware and software. I am skilled in front-end web development, with hands-on experience in building user-friendly, responsive websites and applications, backed by expertise in HTML, CSS, JavaScript, and various frameworks. My academic background, combined with practical experience from internships and freelance work, enables me to solve complex problems and deliver high-quality solutions. I am committed to continuous learning and eager to apply my skills to challenging projects in the tech industry.

EXPERIENCE

INTERNSHIP

Intern as a Web Developer   SEP 2024 - OCT 2024
Prodigy InfoTech

During my web development internship, I worked on four different projects, focusing on building user-friendly, responsive, and visually appealing websites. I gained hands-on experience with front-end technologies such as HTML, CSS, and JavaScript, and utilized frameworks like React, Angular, Vue to implement interactive features. This experience provided valuable insights into the complete web development lifecycle and strengthened my ability to deliver high-quality web solutions.

PERSONAL PROJECT

PERSONAL PORTFOLIO WEBSITE   2024

I designed and developed a personal portfolio website to showcase my skills, projects, and accomplishments as a Web Developer. The site features a responsive, user-friendly design, highlighting my expertise in HTML, CSS, and JavaScript, with interactive elements for an engaging experience. Deployed on GitHub Pages, it serves as a central platform for potential clients and employers to view my work and connect with me.

FOCUSBITE WEBSITE   2024

Designed and developed an aesthetic Pomodoro timer website, "Focus Bite," to enhance productivity while studying. The website offers a range of customizable features, including various aesthetic themes, sound options, motivational quotes, and personalized greetings to create an engaging user experience. Built using HTML, CSS, JavaScript, and Node.js, the application provides a smooth and interactive interface for users to manage their study sessions effectively. Focus Bite is hosted on GitHub, allowing easy access and continuous improvements based on user feedback.

EXTRACURRICULAR ACTIVITIES

ELECSA (Electrical and Computer Student Association)

- Experienced and Acquire skill In Event Management as Cohead (2023-2024)
- Managed Technical, Cultural and College Events as Event Head (2024-Present)

EDUCATION

AUG 2022-PRESENT
B.Tech in Electrical and Computer Engineer
BHARATI VIDYAPEETH COLLEGE OF ENGINEERING, PUNE

MAY- 2022
CLASS XII
LOKNETE VYANKATRAO HIRE ARTS SCIENCE & COMMERCE COLLEGE, NASHIK

MAY 2020
CLASS X
KILBIL ENGLISH MEDIUM SCHOOL, SATANA

COURSES

- The Complete 2024 Web Development Bootcamp - Udemy

SKILLS

- HTML5 and CSS3
- JavaScript
